Re: Lenz Oil Service, Inc.  
Administrative Order by Consent ("Consent Order")  
Remedial Investigation/Feasibility Study ("RI/FS") Work Plan

Gentlemen:

This is to confirm our position that stipulated penalties will begin to accrue as of July 31, 1990, pursuant to Sections VIII and XVIII of the Consent Order, unless an approvable RI/FS Work Plan is received by this office by July 30, 1990.

The approvable Work Plan must incorporate all of the revisions communicated to the Respondents through two of this office's letters dated May 22, 1990, and June 28, 1990, and in a meeting held on July 11, 1990. As discussed with the Respondents and with the IEPA representatives, revisions are necessary to both the ground water and soils portions of the Work Plan.

If you have any questions in this regard, please contact Nan Gowda at 312-353-9236 on any technical matters or Stuart Hersch at 312-886-6235 on any legal matters.

Sincerely yours,

Norman Niedergang, Acting Associate Division Director  
Office of Superfund
